

Swiss Society of Pharmaceutical Medicine

IFAPP European Meeting
October 17, 2019
Athens, Greece

SSPM Update (October 2019)

- Achievements
 - Specialist title: Completion of accreditation for Pharmaceutical Medicine specialist title (board certification) with Swiss health authorities (Federal Office of Public Health)
 - Publications: Frontiers in Pharmacology ‘Evolution to a Competency-Based Training Curriculum for Pharmaceutical Medicine Physicians in Switzerland’ (<https://doi.org/10.3389/fphar.2019.00164>)
- Challenges
 - Post-graduate training courses: Need for more accredited (ECTS) post-graduate training courses (e.g. for IFAPP Professional Certification Program on Medical Affairs in Medicines Development)
- Perspectives
 - Post-graduate training sites: Focus of future efforts on identification of new post-graduate training sites in Switzerland
 - Quality measures: Strengthen the network of post-graduate training sites for scientific exchange and practical aspects including quality assurance and continuous improvement
