

Section of Pharmaceutical Medicine of the Hungarian Society of Experimental and Clinical Pharmacology

Sándor Kerpel-Fronius, M.D., D.Sc.
Semmelweis University
Department of Pharmacology and
Pharmacotherapy
Semmelweis University
Budapest, Hungary
Email: kerpel-fronius.sandor@med.semmelweis-uni.hu

Several organisations involved in medicines development in Hungary

**Academic
research**

HEALTHCARE
Clinical pharmacologists
Clinical pharmacists

**Drug
research**

**Drug
development**

**Drug
application**

**Clinical Trial
Management Society**

Physicians, pharmacists and other scientists dealing
with drug development

PHARMACEUTICAL INDUSTRY

The role of various groups involved in drug research and development

TASKS	Drug research	Clinical drug developers Pharmaceutical medicine	Clinical trial managers	Clinical pharmacologists & pharmacists
Basic research	Academia and industry			
Non-clinical drug development	Academia and industry Screening, non-clinical studies	Non-clinical and clinical drug development		
Clinical drug development		Planning and management of Phase 0-III trials	Administrative organization of clinical trials	Performance of clinical trials Patient care
Post-marketing authorization		Further indications Follow-on drug development		Drug application

Sections of the Hungarian Society of Experimental and Clinical Pharmacology

The aim is to stimulate cooperation between the various specializations within pharmacology

- ❖ Pharmacokinetics and drug metabolism
- ❖ Experimental pharmacology
- ❖ Drug chemistry & informatics
- ❖ Immune pharmacology
- ❖ Clinical pharmacology
- ❖ Drug innovation
- ❖ Education
- ❖ Pharmaceutical Medicine

The activities of the Section of Pharmaceutical Medicine

- ❖ Primarily cooperations with other Sections mainly for organizing scientific meetings and education on drug development
 - Drug innovation
 - Clinical pharmacology
 - Hungarian Trial Management Society
- Participation in the various educational activities
 - Cooperative European Medicines Development Course (CEMDC)***
 - Education and board examination of clinical pharmacologists
 - Education of CRAs
 - GCP courses
